Mansel Park Primary School Receives Green Flag for Schools Award: Paving the Way for a Sustainable Future

We are thrilled to announce that Mansel Park Primary School has recently been awarded the prestigious Green Flag for Schools Award for a second year in a row! The Green Flag for Schools Award is a globally recognized program run by Eco-Schools, empowering schools to develop and implement sustainable practices while engaging students in hands-on environmental education. It is an internationally acclaimed mark of excellence, symbolising a school's commitment to environmental stewardship. This remarkable achievement not only recognizes our school's commitment to environmental sustainability but also showcases the hard work and dedication of our students, teachers, and staff in creating a greener and more sustainable future. We are immensely proud to have received this award and would like to take this opportunity to share the exciting journey that led us to this achievement.

At Mansel Park Primary School, we believe in nurturing a sense of responsibility towards our planet and instilling sustainable practices from an early age. Our school's

eco-committee, comprising motivated students and passionate teachers, has been at the forefront of promoting eco-consciousness and implementing sustainable initiatives within our school community. Our eco-committee spearheaded the process by assessing our school's environmental impact, identifying areas for improvement, and devising action plans. With the guidance of our dedicated staff, students actively participated in various eco-friendly projects and initiatives, nurturing a culture of sustainability within our school.

This award serves as a reminder that every action we take towards a greener future makes a meaningful difference. Together, we will continue to nurture a generation of environmentally aware individuals who will shape a brighter tomorrow for us all.

We thank you all for helping us on our journey to create a sustainable school and community. We look forward to next year and developing our grounds even further. Thank you to our Year 6's who will be moving on. We hope you continue to plant at home and look after our local community. We welcome a new team next year and welcome applications to your teachers.

Have a lovely summer and we look forward to seeing you in September!
