BIG little voices

Q1: ECO is important at Mansel Park and I enjoy being part of it.

'Everything is always really positive because we know we are making a huge difference to other peoples lives including animals!'

'We feel a sense of achievement.'

'Eco time allows us to be outside and having fun while we are there. We planted a few trees too!'

'It's amazing seeing how we can make wildlife thrive.'

'Alone we can do so little, together we can do so much...'

Q2: At Mansel Park, we are conscientious on the impact we have on the world around us.

100% agreed with this statement

'We know the impact that we are making. We see the homes we are providing for the wild life around out school.'

'We have been helping those less fortunate than us by using crisp packets to make blankets for the homeless.'

'We would love to put our Mansel Park logo on bins around the local areas to symbolise our impact on the community.'

'It's amazing because we know that we are helping the less fortunate within our community.'

'Alone we can do so little, together we can do so much...'

Q3: Mansel Park produce fruits, vegetables & crops to feed our local community.

100% agreed with this statement

'We have been able to feed our families with the fresh fruits and vegetables.'

'Our kitchen have prepared our salad, cucumbers and tomatoes.'

'I have friends in school that have made dinner with what we have grown.'

'I have friends in school that have made dinner with what we have grown.'

'Alone we can do so little, together we can do so much...'

Q4: Litter is at the forefront of our minds. We are regularly litter picking within our school.

'We know the key areas that need litter picking and we are litter picking in these areas regularly.'

'It is a great way for us to be outside, walking and making new friends in different year groups.'

'We know that we need to work on areas like the hut in the playground and the school entrance points.'

'Alone we can do so little, together we can do so much...'

BIG little voices

Q5: We are focused on making our school, our local area and community an ECO friendly space.

'We have made bird feeders that are placed in the trees around the school. These feed the birds in the local area.'

'We made these from recycled materials – bottles, bottle tops, wood sticks and string.'

'Our local area means so much to us and we hope that in the future we can do more outside the school grounds.'

'Alone we can do so little, together we can do so much...'

Our Eco Next Steps

1) We would like to make our own litter picking club. We would like to go outside of the school gates (not too far) to pick litter.

2) We would like new bins in the spots where we have noted litter picking happens the most. Then, we can encourage throwing rubbish away here.

3) We would like to expand our planting into a new bigger plot in the school grounds – we have big aspirations within an area like this.
